B.Tech in Information Technology, SPPU University

Expected 2027

SKILLS

Technical Skills	JavaScript, Python, React.js, HTML, CSS, Next.js
Soft Skills	Teamwork, Meticulous
Technology Used	Supabase, Workbench, Vercel, VsCode, Cursor, GitHub

PROJECTS

ISKCON Sanjeevni Website (Full-Stack). Worked in the Backend Team to build and optimize server-side logic. Implemented server actions to handle business logic and API workflows, ensuring secure data processing and seamless frontend-backend integration. Collaborated with frontend developers to integrate dynamic features and improve application stability and performance.

Bookmark Saver (Full-Stack Personal Project). Developed a full-stack web application to save and manage bookmarks with complete CRUD functionality. Built a responsive frontend and implemented backend for creating, updating, deleting, and retrieving user-specific data. Integrated database for persistent storage and efficient data handling across sessions.
